Lesson Outcomes

Children will explore a range of feelings and skills related to safety and decision making, where the temptation to acquire money may be influencing what they do or feel.

The Activity

- Read the story and discuss, using the discussion pointers provided in the teacher notes.
- Next, focus on the part in the story where Sue faces a dilemma. Distribute the appropriate Dilemma Card with possible outcomes and discuss what they think they should do.
- Once they have chosen an outcome ask them to 'test' it out, exploring the possible consequences using the Stop and Think sheets. Repeat this process for each of the dilemmas. Alternatively you can discuss and/or use role play to further explore the issues.
- Next ask the children to either write the alternative ending for the story based on Sue 'doing the right thing' or alternatively complete the Storyboard provided. Encourage them to be creative in changing the course of events.
- The Storyboard concentrates on the key skills Sue needs to develop to keep safe and manage the situation. Encourage the children to identify these skills.
- There is an option to add extra speech and thought bubbles so you can work as a group with a single storyboard.
- Ask the children to use role play to practice the skills that they have identified for Sue.
